Quarterly Report
Volume 7, number 1

Grants to sections for 2013 have been approved by the Financial Subcommittee of the International Committee:

Section	2013 Grant Amount (US\$)
Australasian	\$3000
Central European	\$4000
French	\$4000
Italian	\$4000
Japanese	\$3000
North American	\$5000
Northwest European	\$5000
TOTAL	\$28,000

The Financial Subcommittee has also decided upon some parameters for 2014:

- Grants to sections will be considerably larger in 2014, so that we can send as many students as possible to our quadrennial Congress in Australia
- Sections may allocate some of their 2013 grants to hold over to 2014 if they wish
- The Union will hold an amount centrally to fund travel to Australia for students from countries/regions without a recognized section
